

## Transactional Analysis Psychotherapy Training

# Transactional Analysis and Radical Psychiatry

**Trainer: Keith Tudor PhD TSTA**

**Workshop in Dunedin 11<sup>th</sup> June 2016**

THE PHYSIS  
INSTITUTE

Radical psychiatry was a significant influence in the early development of transactional analysis theory and practice. However, in many ways it has since become a lost tradition. This workshop reclaims the influence of radical psychiatry in TA from a contemporary perspective. Keith will introduce the background, theory and practice of radical psychiatry, summarise its treatment emphasis; aetiology (alienation); presenting problems (powerless scripts); treatment methods (increase awareness and permissions); tools (organisation against social oppression); and goals (autonomy through co-operation). There will be opportunities for discussion, demonstrations, presentation of clinical and other material, and small group work.

**Venue:** Salvation Army rooms, 575 Princes St. Entrance from car park at rear of building, near Crawford St.

**Dates and time:** 9am – 4pm, 11<sup>th</sup> June 2016

**The fee** is \$100 or \$80 for fulltime students, payable at the workshop by cash or cheque or in advance by direct credit to the Physis Institute Ltd: 03 0905 0511059 00

**Enrolment:** Please notify your intention to enrol by 3 June. Numbers will be capped and refunds available for cancellations received before (but not after) 27 May 2016. Contact Jo Stuthridge by email [jstuthridge@xtra.co.nz](mailto:jstuthridge@xtra.co.nz) or phone 455 1067 and leave a message.
